PUBLIC HEARING: PROJECT NO. 02-305 (1-5)
MAY 28, 2014 – AGENDA ITEM #6**

As a follow up to the memo dated March 15, 2014, related to the above matter, staff has updated the Commission's matrix to manage stakeholder comments and responses to date. Staff will continue to update this matrix and post revisions to the Plan throughout the public hearing process. The matrix¹ can be found on the Department's General Plan Update webpage.² To avoid any confusion created by multiple versions of the Plan, staff will continue to provide you with updates to the matrix for the next series of meetings on the General Plan Update. At the conclusion of the meetings and before the final hearing, staff will provide you with a complete, revised version of the Plan that reflects the input received throughout the public hearing process.
